Thirty-five Confessional Buddhas

Practicing confession to the 35-Buddhas is to purify past negative karmas and create positive merits for realization of the path of enlightenment. Buddha Sakyamuni gave teachings to his followers on the power of confession and revealed different purification methods, such as prostrations to and recitation of the names of the 35 Buddhas, who are all manifestations of Buddha Sakyamuni.

In the past, when the 35 Buddhas were bodhisattvas, they made many prayers to be able to purify sentient beings' defilements and negative karma. When the bodhisattvas achieved enlightenment, they achieved the Buddha's ten qualities and powers, one of which is the power of prayer. So, their names have the power of all those past prayers. That is why, when sentient beings recite the names of the 35-Confessional Buddhas, beings attain the Buddhas' power to purify their defilements and eons of negative karma.
