## Great Drikung Phowa Chenmo Practice

*“The Standing Blade of Grass”*

The world-renown Great Drikung Phowa is the most direct and quickest method by which one may be assured of a positive rebirth and possible enlightenment at the time of death. During this retreat, attendees will have the same opportunity of receiving and practicing the Phowa transmission and teachings as did many hundreds-of-thousands of Tibetans and other practitioners around the world. Also included in the retreat will be the Nyingma Lineage Phowa transmission that Khen Rinpoche Samdup received from Khenpo Munsel.

**His Eminence Garchen Rinpoche will offer PHOWA teaching via livestream on Friday, January 11.**

Retreatants should commit, but not required, to continuous 3-days and nights at DDSC. Retreatants can arrive Thursday or early Friday morning to be ready for the first day PHOWA teachings and practice.

Bring clothing, toiletries, medications, bedding, mats, mattresses, etc. Simple vegetarian meals and practice texts will be provided.

**\$150 per person/entire retreat. Registration at [Eventbrite](#)**

Your greater generosity is always appreciated
