**Ullambana Ancestor Day**

*The Immeasurable Seawater Cannot Fill A Mother's Love,  
The Spacious Heavenly Cloud Cannot Cover A Father's Hardship*

In order to pay tribute to the merits of all parents who gave us this life as well as many, many lives in countless time, we, as the Buddha's children, will follow the altruistic example of Maha Maudgalyayana. During this Ullambana Ceremony, we will show our reverence for our ancestors by making 108 candle light offerings, making vows to always try to practice Buddha-Dharma, and dedicating all good deeds to the mothers in the world, and all mother sentient beings from countless time.
