The Great Drikung Phowa Transmission

Monday Evening

April 15, 2019

7 to 9 PM

The Great Drikung Transference of Consciousness is the method by which one may attain enlightenment at the time of death. In an instant even sinful ones may release their inner essence to merge with the Buddhas, Bodhisattvas and other holy beings to attain a better rebirth or even enlightenment. To receive this transmission from His Holiness during the earth pig year is very powerful and auspicious.

Attendance is free. All donations gratefully accepted.
There will be a khata offering to His Holiness at the conclusion of the evening.
